

# CONSOLIDATED VULTEE AIRCRAFT CORPORATION

STINSON DIVISION  
WAYNE, MICHIGAN

October 21, 1946

## Application for Radio Station License

The following information will be needed by you, and your customers, in making out the Application for Aircraft Radio Station License for the Hallicrafters Skyfone.

Make: Hallicrafters Skyfone  
Type or model No.: CA-2  
Frequencies: 3105  
Operating Power (Watts): 10  
Emission: A-3

The information that I have listed above is the only technical information you will need on the application, since the radio is registered with the Federal Communications Commission.
